August 29-September 2: Transition Week
September 1-2: In-service Days/Conferences (Classes closed)
September 5: Labor Day (Centers closed)
September 6: New classes start for Fall Term

*Special Note: Families will be contacted in November regarding the last two weeks in December, asking them to fill out a form noting when they will want care for their children during December 20, 21, 22, 27, 28, 29. If we will only have enough children to fill one Center, we will close one center and give holiday time to teachers that request, up to half the staff.

**Transition weeks will be three designated days at the end of each term for students who are moving up to another class to visit their new classroom and classmates and for current classes to have final day parties. Parents will be invited to an open house during that week to meet their child's new teacher, and to observe the new class. A newsletter will be sent out to parents telling them of the events and schedules during each transition week. Teachers will prepare folders of each child's work from class and any progress reports, kids will receive a transition gift when they move to another class, and the school will participate in themed dress up days/events.

***A new calendar will be announced for the 2022-2023 school year in the Summer of 2022
